Our Greatest Challenge!

At this time of increased business, better service, original and creative craftsmanship, we face a greater challenge than ever before. A challenge to produce printing for the most discriminating customer. The main reason our business has increased so much is because we do emphasize SERVICE. We give each job personal attention. We feel that we are spreading goodwill through customer satisfaction, and many of our customers go out of their way to give us extra business or to recommend us to others.

Printing is the "art preservative of all other arts" and as craftsmen we are proud to place our skill at your disposal.

Customer satisfaction has been our by-word for over 45 years and with modern letterpress and offset equipment, we are in a better position than ever to serve you.

CAN YOUNG MARRIED COUPLES

Why do so many young couples get into debt? At the end of last year, Canadians owed \$1,974,000,000 to small loan companies, depart-ment stores, and other dealers. What can young married couples do to offset what is perhaps the biggest stumbling block facing them—their lack of a simple, realistic financial plan? Read Bill MacEacheris study of young people and money

Dr. Marius Barbeau

Dean of Canadian Folklorists

Dr. Marius Barbeas is both peer and professor, author and surthropologies, indefingable collector of Canadians and dedicated historian, in the pursuit of Canadia's unique and sorticed part. World-renowned as a scientific, and the collection of Canadia's most revered men of letters, one of her most colourful personalities. It has been said that his head is a private musuum filled with totem poles, hooked rugs, wood carvings, soogs and legends. Now, a spry 75, with half a century of vigorous field trips behind him, and officially "reiterd" as head of Canada's National Museum in Otrawa, he labours with his customary zeal and enthusiam, arranging the rich treasures of his mind for public display. "To dure this has involved the writing of 60 books, 100 pamphies, 600 articles. He feetures and writes with equal facility in French and English and delights persolically to break into one of the many Indian distorts he knows out. Son as Ose Maria de Beauce, Quabee, in 1881, Dr. Barbeau swolfed law at Laval ethnology which he paramed at the Sorbonne. Remonty where he beaum interested in the National Museum, devoted the next 40 years of his life to building up in fine store of Canadians. Everywhere he goes, Dr. Barbeau curries with him a deep sense of beauty and, fittingly, some of his closest friends have been among the most eclebrated of Canadia's patients and sculptors. The Indian masks to the right are part of his 'terinstring private collection.

Over 5,000 folk songs have been recorded on special wax cylinders, this files contain lyrics of some 10,000 more. His one day inspire Carollian composers. Above, he sangs a life he says has been a race against time: old sources die off, bunting grounds dry up.

Saith Indian love song to Caroline Price, one of his 9 grandchilders.

In recent books, Dr. Barbeau develops the theory of an Asiatic eradle for the Northwest Indians by tracing vestiges of ancient culture patterns through their survival in legends, myths and handicrafts. Above, he tells a delegation

of Russians that totem poles reveal strong Russian in fluence; specifically, the 2-headed eagle, adapted by North American Indians from the Imperial Crest.

SATION OF THE SEASON AND THE BEAUTIFUL

for a sellout! Heating

Talk about a popular road show! Why, every highway's a Pontiac showcase, and it's no wonder. In beauty of design and brilliance of performance, Pontiac's the hit of the year. And how those sales figures show it! Month after month, the number of new Pontiac owners has mounted so that now Pontiac's heading for a complete sellout. Once again, the public has proved that for pride, prestige and downright driving pleasure, dollar for dollar, you can't beat Pontiac!

May Be Arranged If Desired! T. EATON C'EMITED

An important message to the people of BELLEVILLE

During the past six weeks in this City as everywhere else in Canada, a gigantic job has been underway - exchanging Victory Bonds for the new Canada Conversion Bonds. When carried to a successful completion, this enormous national undertaking can bring important benefits to Canada and to

individual investors. The project is going very well indeed. The response in all parts of Canada has been enthusiastic. With orders flowing in every day, more than ¾ of all Victory Bonds outstanding have already been converted.

There are now only

8 BUSINESS DAYS LEFT

The opportunity to convert expires on Monday, September 15th

In this City the response has been wonderful. But we believe that there are still a great many families who participated in the Victory Loan campaigns more than a decade ago who are not yet fully aware of this opportunity. We regard this as a stimulating challenge.

We, the financial organizations listed below, together with a number of authorized representatives of other organizations, intend to do our utmost in the short time remaining to place before the people all of the facts about this attractive conversion offer.

FOR EXAMPLE:

1. Regardless of the size of your holding of Victory Bonds—whether it be \$50 or \$500, \$5000 or higher—it is to <u>your</u> advantage to exchange into the new Conversion Bonds.

- 2. The serial numbers on Government of Canada bonds which have the prefixes L-7; L-9; P-3; P-5; or P-7, indicate that they are Victory Bonds and are eligible for conversion. Check any Government of Canada bonds in your possession.
- 3. Remember there are four maturities of the Canada Conversion Loan available a 25-year bond paying 41/2%; a 14-year bond paying 41/4%; a 7-year bond paying 33/4%, and a 31/4-year bond paying 3%.
- 4. If you do not hold Victory Bonds and wish to acquire Canada Conversion Bonds, consult any one of the undersigned. We can arrange for you to buy Victory Bonds which may then be converted into the new issue thus making it possible for everyone to own Canada Conversion Bonds.

REMEMBER, we stand ready to help you make the most of this unprecedented opportunity. Please feel free to make the fullest use of our facilities:

A Canadian Frees despatch from Fembroke states "A \$2,000 grant by fown council will enable the Fembroke Lumber Kings of the senior OHA league to continue operating this year.

"In return for the grant, the lown will receive a front page ad on all hockey programs and team members will wear the town's centennial crest on their uniforms.

"Lenser agreed to return a portion of the money if the team folds before the season ends."

Last year in his tyro effort as a hookey impressio, Lenser after taking over the Lumber Kings and being warned of the potential cook, told all and under, it was his money and he would speed h: as he saw fill, or words to that effect. He was willing, he was reported as asyling, to speed \$25,000 to give Pembroke an "Allan Cup winner".

He gave the northern town an up-and-down club that had its player trouble, but which finished in the group finals bowing to the Belleville McFarlands.

Lenser did not finish with an Alian Cup winner— nor did his venture cost him \$25,000. Reportedly the northern Man with the Golden Arm dipped into his per-sonal ore-knowber kitly for an amount ranging between \$8,000 and \$11,000 nil according to what you read, heard

This amount could have been cut perhaps, if Lenser In his freshman year had refrained from tacking attractive bonuses to his offers to players, some of them members of Eastern Ontario senior "A" clubs.

Last season the Lumber Kings hit the headlines on several occasions, all on stories that later fixide dou. Chemer Issued an utilimatium to Pemberoke random that if such and such, and so on. This season Lenser hit the headlines again. Coach Bucky Buchanan, who lost an eye list season, had quit.

Three days later, after sports editors of the circuits had blasted the news, Bucky was back and incidentally doing a neat business in player-gathering.

More recently Lenser hit the headi

over-24-years-of-age players for the Kings, and his putting on waivers of Douglas, Farelli and Maxwell. But, this time, it seems, he has stepped into some-thing that might rebound seriously.

Lenser agreed, the CP story says to return's portlor of the money (\$2,000) if the team folds before the season

In fairness to the man did he mean what he said liter ally, or was it part of a sales talk to extract a couple thou sand from the town till?

It is definitely something that the Eastern senior "A" hockey league should investigate.

If Lenser feels there is a possibility of the Kings felding before completion of athefaire — or at any time, felding before completion of athefaire — or at any time, the cutty absolute in pite permitted to gre to the post. Situations like this should be nipped in the bod. The Eastern Lenser which appears banded for as accountral season about not take any chances on its equilibrium and the contraction of the c

To The Voters In The Township of Tyendinaga And The Indian Beservation

Are you clear about the two questions on which we are asked to vote on Wednesday, September 10th.

One ballot is for a DINING LOUNGE LICENCE. This means a licence to sell brandy, whiskey, rye, gin, rum, etc., with meals in a hotel or res-taurant until 1.00 a.m.

The other ballot is for a LOUNGE LICENCE. This means a licence to sell hard liquor, in a cocktail bar. They can charge any price they like and drinking may continue until midnight (if the money lasts).

HERE ARE SOME HONEST QUESTIONS TO WHICH THERE IS ONLY ONE SUITABLE ANSWER

Will more public drinking places make our township a better place for our children and young people?

Because of increased drinking, will our highways be safer?

Will the lounges, with their high-peiced drinking, make our homes hap-pier and more secure financially?

When liquor becomes more easily available because new licences are granted, who can control it? DO YOU KNOW ANYBODY WHO IS ABLE TO CONTROL IT?

Since no escorts are required in cocktail lounges, and young and old —men and women—all mingle in the same room where the alcoholic drinks are served, will this raise or even maintain moral standards?

Will increased liquor outlets help the potential alcoholic who is trying to avoid the temptation? (There are 43,000 alcoholics in Ontario). When, according to the general rule, lounge drinking is done in the late night hours, would this bring business to our local stores?

IS THERE ANY ADVANTAGE SUGGESTED BY THE PROMOTERS OF COCKTAIL LOUNCES WOBTH THE PRICE OF THE HUMAN LIVES AND SQULS INVOLVED? IF YOUR ANSWER TO THE ABOVE QUESTIONS CONFIRMS THE JUDGMENT WE HAVE COME TO, THEN YOU WILL JOIN US IN VOTING "NO" TO BOTH QUESTIONS ON THE BALLOTS SEPT. 10th.

PUT "X" IN THE "NO" SECTION ON BOTH BALLOTS

ARE YOU IN PAYOR OF THE BALK OF LIQUOR UN. DEE A DINING LOUNGE LA-CENCE FOR CONCENTRATION WITH MEALLS ON LICENSED FREMENSED FREMENSED

ARE YOU IN FAVOR OF THE SALE OF LIQUOR UNDER A LOUNGE LICENCE FOR CONSUMPTION ON LICENS-ED PRESENTS? NO X

To The Citizens of Tyendinaga and Indian Reservation

On behalf of the Tyendinaga Citizens' Committee, and as your representative on the Bay of Quinte High School Board, and a member of the Transportation Committee, I am appealing to all deep-think-ing people of our Township and the Indian Reservation, who will go to the polls on September 10th.

We are greatly concerned about the safety of our school buses. How anxious parents are when the bus is delayed, owing possibly to the icy road condi-tion, storms, etc. Many times mothers have called our home inquiring if the bus has passed.

The Transportation Committee demands competent drivers and only those who can provide buses in first-class mechanical order are employeed. Even these are periodically inspected by the Provincial

Traffic gets heavier each year and greater care rests with these drivers, especially those on the con-gested traffic of No. 2 Highway between Deseronto and Belleville.

Will a Liquor Lounge at Shannonville make this road a safer place for our children?

Remember, any remuneration that the township might derive from this added outlet would be small

compensation for the life of one child, should a bus become involved in an accident.

Keep in mind, this is not a temperance vote but one to create another outlet for liquor which we sully do not need.

The hunt for Victory Bonds for conversion under Canada's great Conversion Loan has led from celler to attic with young and old participating. Some unusual items have been turned up in the search.

- Bond dealers found one Victory Bond framed and hanging on the wail in a residence. The lady who owned it regarded it as a recognition from the Government that she had made a contribution to the war effort. She had completely overlooked its cash value.
- An investment dealer in Winnipeg was approached by a 97-year-old gentleman who expressed his confidence in both his own and the country's future by offering bonds for conversion to the 25-year 41/2%
- A safety deposit box, untouched for 16 years, yielded an individual bonanza of \$7,000 in convertible bonds rather than the \$700 which the owner had thought it held.
- In Montreal an elderly lady approached a securities company with \$20,000 in bonds in a metal biscuit box which she kept in her kitchen.

Different wrestlers have different styles. "The good gurs" are in a class by themselves and enjoy popularity with the fans. The so-called "bad guys" have their own ideas of wrestling and exercise them in the ring.

They use certain tactics which are but a means to end, centrary to the rules of the sport, but are part of game and add to its excitement.

The so-called "loughles" are just as important to the rt as the heroes of the piece. If for nothing else fan-a goes to see them get their come-uppances,

Excitable fans give vent to their feeling in

Back in the good old days of Irish Jerry Monaghan, John Katau, Earl McCready, the Masked Marvel, Chief White Eagle, Lee Henning, who is still going strong, and shire "willalm" of the mat dramas, there were incidenta that were more humorous than damaging.

In the days when the press mit at a ringside table and used a mallet and going for time-keeping perposes, on see scoosion as excited han rushed to the table, seized the mallet and assabled the time-keeping wisch. Eachly it was one of those one-follar pieces of mechanism popular at the time.

But the incidents always ended at that. There was no onsistent tossing of missiles at the ring such as has de-reloped here within the last year or so.

Perhaps the tossing of a paper cup by a fan in the itenent is excusable. Constitute bombardmen is not-ret of all is the wrapping of glass and stones in the s and hurting them at the wrestlers.

Gene Kiniski, like the Miller brothers, is one of the "heavies" of the squared circle dramas. Their style is a sort of "win at any cost" affair, which makes them the deep-dyed villains of the ring as far as fandom is concerned. True, their methods caused the hackles of the fans to be subjected, but it is no reason why they should be subjected the fitting of damaging missiles like broken glass and one.

A few weeks ago a main bourt involving the Millers stopped because of this. A threatening rituation depend when some trate fans demanded a refund.

Last Friday night Gene Kiniski retused to rejurn mill he was guaranteed protection against the stone-oasted paper cups. He could not be blamed. Same mided fans will not condom the toostag of such ob-tacles. Those guilty of such practices should be pun-

Why Insure? Because you want to be able to replace your property without financial loss to yourself, when the unexpected happens —

Remember, it's better to always have insurance and never need it than to need it just once and not have it. Consult this Agency for your insurance protection.

MODERN OIL HEAT is the only heat that gives you all 10 of the features essential for

in the world . . .

HEAT with OIL

Fips, slippers and oil heat make a natural combination. Oil Heat is the clean, carefree heat. Night and day, at home or away, oil heat is your were-dependable source of solid heating comfort. If you're buying a new-home—make sure it has oil heat. (Oil heat is the choice of conscientious builders ... and a sign of a quality home). Oil heat is the popular choice of heating! More people, by far, in Canada heat with bil than any other automatic fuel.

Another good reason to heat with oil is that oil is the safe fuel. You and your family can just relax confidently while enjoying automatic oil heat comfort, you won't have a worry in the world about your heating. Oil heat is completely dependable—will make any weather feel warm, automatically. And Heating with Oil is so money-saving too! Whether you plan to build a new home or convert your present furnace to automatic heating, make sure you choose oil heat — and you'll never have a heating worry in this world?

10 Reasons Why Oil Heat Is Best For You

- 1. CLEAN-no dirt, no dust, no messy cellar.
- 2. CONVENIENT-no work, no worry, no tending furnace,
- 3. AUTOMATIC-always a healthy, comfortable temperature.
- PERSONAL—fueloil supplied by an experienced local dealer of your choice interested in good service and automatic delivery for you.
- 5. ECONOMICAL—Oil heat gives you maximum comfort at reasonable cost.
- 6. SAFE-gives you complete assurance of safety for your family.
- DEPENDABLE—you have a plentiful supply of brands and a wide choice of dealers to guarantee reliable delivery.
- PROTECTIVE—storage on your own property always gives you a reserve supply of comfort.
- 9. VALUE-is added to your home by oil heat.

10 MODERN—engineered for the most modern heating systems — warm air, steam or hot waten

complete, safe heating satisfaction. You want the Best ... in Oil Heat you have it.

RARE, MEDIUM, WELL-DONE

By GEO: H. CARVER, Sports Editor

When this season's softball records are written, the Point Anne archivist should push Pat Marsacle's picture in the village hall of tane over just a mite—and make room for that xl Pat Gilmour.

The younger of the cinh's pair of Pats did not set a sees aftire with his league hitting this season but he w trick on the spot in that heart-lingier in Federbo in last Saturday.

It was not the time nor short for anybody with a at condition to have a nawbock on either team. crything hung on a bat and a pitch. Bill Shaw's at pumped so fast in the overtime he had to have a r gasket job on Sunday.

Tension was tauter than a lute string as first one team be up and went down — then the other. The Peter-ough squad was walking tight ropes with the Lotters in Ox Point doing funny mental filps.

With the possible exception of Ole Saich Pat Mar-i whose rabber arm awang to and fre with the mon-sy of a well-olled pendulum, and who refrained from sming perturbed by the unusual situation.

Boin teams missed good chances to cop the pastime g before the eventful "Thirteenth" rolled around. The near had enough base knocks to win any ordinary game lie the boux-bailing Bobby Green of the Petes had the auton in hand, six of the clouts off his delivery coming un-the heading of "burks."

Jackie Wardhaugh, Doug Hull, Claude Carr and Dave Jones all had more than one base clout with the en-tire club playing outstanding defensive softball. Then name clutch-hitter Fat Gilmour, whose solid smash with the bases leaded coded the spine-tingling battle.

The Toronto incident smacked of slipshod work on the tot some convener. There may have been extraordin-circumstances unknown to this department, but it seems here odd that this league or whatever it was, could not a winner ready the day before the OASA scheduled.

Teronio is just another city as far as playdowns are consecued and abould be made to hew to the line the same as the previocal entries. It is a by disappointment for a cish to make grounds arrangements, advertising, do, only to have a potential visiting citle fall to show up, or be unable to attend because of lack of naming a **Consecutive**.

interestrile in the camp of the Booth TV bantams nothing confidence reigns despite the 7-3 setback handed Cothene's kiddels by North York on Saturday.

"Simeles, that's mobiling." laughed Colhane, "we are geiling used to losing the first game. We have yet to wha use in Toronto, so why worry. We have always managed to come out on top."

The peremial coach of Booth's bantams believed that shuttling around in an effort to find a park was partly reason of his team's defeat on Saturday. "The kids e all keyed up and not settled down by the time the game reedy to start."

Booths and North York will play the second game the series at the UNRA Park next Saturday starting at a clock. At three c'clock the Bebeats-Toronto game so ever the field. Booths and North York will resume rd game hostilities, if necessary, at five c'clock.

As was amouured last Priday night, Whopper Billy Watson, the field of East York, Forence, and wherever weeking fass are to be found, will tassles with tought Gene Kinlidd at Memorial Arena come Priday weeking. And Jorn to who coming admits Indian partner, field Festler, in a midget tag-team champlonship bout with Fuzzy Cupid and Schi-Co-Lo. This will be two of three Itals in a skty-minute limit. Toughla Tasher and George Penalwig will open the proceeding.

New it is Bill Shaw's turn to flip his managerial lid— —and rightly so. He was notified mer midnight hast night that the Termili-cula schedule to start the first the most two-of-three intermediate "A" series at Polis Anne isonerow statis will not be able to first a team that date, one-set by the OASA with all teams one-cored midtle of policy of time.

Shaw, like Temple, had made all grounds, adver-tising, etc., arrangements only to have his plans nipped in the bed as the hast minute. No other date was set for the game and as of now Foint Anne does not known when the series will start. No reason was given other than the Torestic club sould not field a team on the specified

JUST FOLKS yright 1958, Edgar A. C By EDGAR A. GUEST LIFE

Life is a pleasure,
A joy without measure,
An infinite treasure,
A gay roundelay;
Tis brim full of gladness,
But flavored with sadness,
And loving to madness
We romp on our way.

THE INTERNATIONAL UNITED BREWERY WORKERS UNION LOCAL 326 - BELLEVILLE

BELLEVILLE AND DISTRICT LABOR COUNCIL, C.L.C.

Would Like To Explain To The Citizens of Belleville THE UNION'S SIDE OF THE STORY

We were forced to take strike action against Brewers' Warehousing Company because, since our old contract expired March 31st, 1958, the company has failed to bargain to good faith. There have been many misleading statements made in remeases, same our our concract expired March 31st, 1988, the company has failed to brapain to good faith. Three have been many misleading statements made in re-gard to the exorbitant wage demands by the Union. But in all our negotiating sessions with the Company not a single monetary liter mas are efficiented, with one exception, and that was a proposal by the company to reduce our annual sick leave from air days to three days.

A WAGE INCREASE IS NOT THE PRIMARY ISSUE THIS LABOR DISPUTE

Company has stood firm throughout negotiations on a number of deman The Company has stood irm invogaout negotiations on a numer of unmands that they insist should be written into our agreement. If the Union agreed to accept any one of these proposals it would be taking a big step backwards, And with the brewing industry in the healthy financial position it is in today, we see no reason for any backward steps on our part. Listed below are some of these Company proposals.

- 1. COMPANY WANTS TO TAKE AWAY ESTABLISHED WORKING CONDITIONS.
- COMPANY WANTS TO CONTINUE TO EMPLOY PERSONS WHO HAVE FULL EMPLOYMENT ELSEWHERE.
- COMPANY REFUSES TO GIVE PREFERENCE IN EMPLOYMENT TO QUALIFIED UNEMPLOYED PERSONS.
- COMPANY REFUSES TO ABIDE BY ARBITRATION
- COMPANY WANTS RIGHT TO TAKE WORK FROM UNION MEMBERS AND GIVE IT TO OTHERS.
- COMPANY WANTS TO DESTROY SENIORITY FOR LAID-OFF MEMBERS.

This is our side of the story, no Union member likes to go on strike, but this is the only way we have of protecting our rights. The brewers have plenty of money to buy extra trucks and pay extra men.

At this time when our country is experiencing the highest unemployment in our history, the Brewers' Warehousing Company chooses to hire men who already work a five-day-week, instead of giving jobs to our unemployed.

The Belleville and District Labour Council, C.L.C., will aid in any way to see this strike brought to a fair and just settlement. We will do everything in our power to help the United Brewery Workers International Union, local 326, win their just dispute.

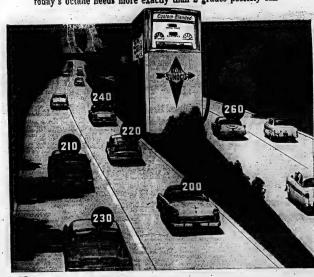

We regret the inconvenience caused by the strike, but we are sure that every fair minded citizen who reads this article will be in full support of our cause.

RARE, MEDIUM, WELL-DONE By GEO. H. CARVER, Sports Editor

In fact the young ladies wear the "blue belt" of jude allification, and while we do not know exactly what it ans, you can take it for granted they can give any wolf h amorous body-check intentions a pretty rough time.

They're so good that they have been selected as the stars of a television show which will be alred over CKWS-TV this Thursday night when Max Jackson entertains the Belleville Jude Club.

The entire Belleville company will be on hand, but a Misses Firming and Foelstra will be featured to give to viewing public an idea of what the distaff side can in one of the mere males' most colorful sports.

Jim, who won his brown belt in instructing this summer, says his favorite sport is gaining popularity by leaps and bounds — no pum intended. Boys club members starf instruction September 15, with adult classes getting under way September 17: Anyone interested should apply to the YMCA.

WRESTLING

It is not very often two wrestling championships go on he mat at Memorial Arena in one night — but that is what rill happen come Friday.

Handsome Billy Watten, the idel of wrestledom over a widespread district, and especially to hundreds of Belle-ville youngsters, will put his British Empire wrestling champlonable on the line against the tough and terrible Gene Kiniski, the scourge of the prairies.

Gene Kinishit, the securge of the systems, Kinishit, who end/ors a top pent in Hist, Incorpos-sied, hereabouts, it as well known here for his unartio-edox incites and view law of the history of his clean, scien-tific brand of wrestling. Kinishi won't have a friend, in a perful, and it is hoped the faltishf who come to see the rough, rarged Gene get his come-appeare, express their feelings wit woul cherck soult, Ary vosting of stoons, (das. etc., in paper-caps will cause as immediate singipung of the exit.)

For sheer speed, hellery, skullduggery and whatnot, the dget tag-team titular match between Little Beaver, his dian sidekick, Red Feather, and Sai-Lo-Lo, and Furzy phid, should stand 'em in the aisles. This one, is for eps and will consist of two out of three falls.

Speaking of wrestling, from Montreal comes word that we that way that way they have uncerthed a matman who is a scensor to the mythical Paul Bunyan, who carried an ox his hip pocket. This rope-clawing follower-upper to buil 5t. Cyr is Paul Anderson, a native of Gawgia, suh, d Olympics heavyweight weightillting champion.

He weighs 345 pounds, they say, and eats nails for akfast, bends railway spikes with his tooks, and pitches reshoes with horses attached.

Anderson was on a television program the other day, and those who saw him say be was garbed in a suit that clocked like a marquee tent. He moved like a beer barrel with arms and item. His closest buddles say Pent an bold an ordinary 455-pound resulter at arm's length, play a mouth organ with the other hand and dance a rhumbs.

If the weather man co-operates the softball "joints will be emping" hereabouts come Saturday next.

OASA vice-president Don Lee said last night the Point hane-Toronto playdown dates had been straightened aways, while the Bobcats and Booths both see playdown action on the same date.

Bob Temple's Bobcais take over the spotlight in the lway park at three o'clock, clashing in the first game a two-of-three series with a Toronto club.

Point Anne swings into action in their posiponed date at five o'clock with Richmond Hill as their guests in the opening Hill of a three-game series on the Ox Point diamond. The second game is scheduled for Toronto on Monday at E.I.5, with the third, if necessary, to be played in Cobourg Wednesday night. 'In daylight.'

RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports Editor Off-again-en-again-back-again-pone-again Bucky Ru-chasan has resigned as general manager and coach of the Pembruke Lumber Kings — for the second time within a comparativity about period. The story out of Pembruke is to be effect that Bucky isseed in the spone to accept a zimitar position with the Washington entry in the Eastern (USA) legate.

The first time Bucky told Watty (Golden Arm) Lenser, boos tycoon of the Lumber Kings, he was finished as corch, etc., the rearon given was there appeared to be no hockey future in Pembroke. Three days later Bucky was back in the fold.

Not to be outdone by Bucky's fast break in the Head-lines-Handleup, Lenaer-made a startling follow-through with the announcement the Lumber Kings were on the block. But they were not going to be given away to a cheap bldder. The price had to be right, otherwise Lenser would continue to

Perhaps by the time this lak is dry, the Pembroke faithful will have killed another dated calf and once again welcomed Buchman hack line the aims of Leaser. Or if the graperine is correct, given the glad hand to a new coach, possibly of the playing variety, who played with one of the league clubs last year.

With a welter of conflicting stories coming out of the northern heritey tewn, outside observers draw the interesce that all is not well, hockeywise, in Harry Moore's adopted

Lenser first crashed the headlines when he placed Jinn Farelli, Jack Doughs and Jim Maxwell on the waiter hilt, when they allegedly refund to accept his salary of-fer. He priced them out of reach of other clubs, but Maxwell, at least, proved he had a releast. In a Kinc-sion television interview the other night, Maxwell as tending much as admitted he has signed with the Limestone City

While matters have been more or less quiet on other club frosts of the eastern league, it is a well-known faith at managements are working quietly gathering plating personnel for the coming season. Outside of Buchanan's early statement that the Lumber Kings would not use players over 24 years of are — and the Maxwell, Pacelli, Douglas incident, little or nothing has been heard of the oke player activities.

In fact some of the circuit observers are wondering if the Pembroke entry will be at the post when the schedule bugles slow "They're Off."

The official schedule has been promulgated by con-vener OHA president Lorne Cook and is in the hands of the clubs, press and radio. It will be published shortly. But "tempus is fugiting" swittly and training camp time will be here in a very short time.

Il is boped that all will be well in the Lumber Kin camp and all six clubs of the loop straining at the less come league-opening time. If Mr. Lenser cannot see way clear to carry his schedule obligations through completion, it would be better its deep out now, rath than "fold" the clab midway through the season at came contrained in the league ranks.

Description on the FRANCE PRIME.

Bellevellt, Kingstee, Whithy, Cornwall and Hull-Oriess want to see the Lamber Kings in the starting gale come ind-Orbober. They represent one of the oldest hockey communities in Ontario, and while of late years the Kings may not have been the most colorful club in the world, they proved to be a good one, usually around when the players began.

ory case. It. Canvan, spores couldn't con-proper is an unwritten law in baseball that bars any n of a no-hitter while it is in the percons. There her that says the whammy is on the manager who is team is "in" the weeld series before the league it is wrapped up.

It was manifest a couple of weeks ago when the Yankees were on the verge of another title, and it was gotally cer-tain that the Millwaukee Braves had their second fing in a row all ready for the unfurling.

Would Ole Casey and Uncle Fred Haney talk werl seriest Not any more than would Feever since the Bum descried Brooklyn and took ever the National Learn junitor job out on the west coast.

Both were ducking the issue because of the "whammy" t secretly weighing their chances in the forthcoming world implouship struggles. The Ole-Perfesser was probably odering what he would use for first-string pitchers while ney was pondering over his mound rotation.

H and when the Braves meet the Yankees in Alli-wankee on October 1st in the acries opener, it is not a wild grams that Warren Spahn, the Milwankee veieran southpaw will face Yankee noe Bob Turley. Stengel assa's much choice since Whiley Ford is bothered with a occo arm and Don Larsen has been ruled incligible.

The pliching shoe, it would appear, is on the other foot this year. The Braves have a much stronger mound beech than a year are, thank to the surprising performances of three youngsters, Carleton Willey, Juan Flarars and Joey Jay, who were remade into the breach and its goals when Lew Braveties, the John breach and the grave of the a low rates due to labelies and whatlow.

But while patrons of baseball's big tent will not be surprized to see Ole Casey turn in another expert ring-master job, they must hand the kudos to Uncle Fred Haney as the master juggler of the season.

The injury linx picked out a nice comfortable park-spot on the Braves' baseball lot, and clung tenac-aly until late season. Wes Covington cracked up a ce in spring training and saw little service in the first womths. But his comeback run production has been

Hank Agron went into a slump but made a miraculou recovery, raising his batting average 80 points within a month But until Covington and Agron were back to normal, Hane was forced to call forth his best juggling ability.

He sent extra infielders Hank Hanebrink, Mei Roac Feltz Mantilla and Joe Adoock to the outfield. The protected injuries to Red Se borndient and lesser ones Prank Torre brought your of them back.

The beschall boys in the know claim the Braves would we enjoyed as big a seasonal lead as the Yankees had in-sies and other gremlins not raised Cain with the club.

Reigie told Craig (St. Catharines Standard) Sway netigie loid Craig (Si. Catharines Standard) Swayse in a French River interview that European hockety has been gettling better since the war while Canadian teams are on the decline. He feels that European forwards and defenemen in many cases are on a par with the Cana-dians, but are behind in gastlesplar. "When they catch up, things will be mighty lough on our world represen-iatives," he thinks.

"They study the game. They work at the game. They're sweating at this game of ours," Reigle told Swayze. "They're serious and that gees for all European players. At the same time we're allding over here. Ask any coach. The calibre isn't the same."

He thinks the 1960 Olympics at Squaw Valley, California, be the supreme test for Canadian hockey, "That's when won't be able to bolster our club with ex-pros. Canada have to go with her amateurs."

"Still, there's no reason why Canada should pull out of world play, even if she loses at Urague next winter, Estigs and. "I think the Delivellie Réferialanda have a better than fifty per cent chance to win for us, but I'll tell you something; they'll know they've been in a hockey tournament before it's over."

Reigle does not think the rules have anything to do with it, either. He said European play is rapidly becoming more Canadian all the time. They will be like ours, soon, he

"Don't let them change ours to suit theirs," he warped. "In 1959 you'll see the overness teams hitting a lot harder. And one of these days they'll get around to adopting bodychecking raises. Don't let them kid you they lithe our rules. If the players had anything to say, they'd be playing them now."

"Walk Upstairs and Save"

RARE, MEDIUM, WELL-DONE By GEO. H. CARVER, Sports Editor

The senior classification of the game, like old soldiers, just faded away in Oshawa and Peterborough, former "red-hot" members of the Central Ontario Baseball League, Il committed suicide in Kingsion and died of starvation in Belleville.

Efforts to revive the various "corpses" during the past few years failed to meet with success. Senior lacrosse may have been the reason for its demise in Peterborough. Soft-ball and lack of inferest may have rushed death in Oshawa. Kingston snubbed it and turned to a city league variety. Belleville had a baseball horse with no race to enter.

Kingston, its city feague appetite satisfied a year ago, last season inaugurated a district organization. Il proved to be something short of a farce with Napanee and later Picton McFarlands dropping out of contention, leaving two Kingston teams, far from senior calibre, in action. Now Kingston basefull heads are nodding over the possibility of a

However, the dernise of senior baseball in the city district has not killed the game in Belleville. Far it. But its hold on life can be attributed solely to efforts of the Belleville Minor Baseball Association.

Too much credit cannot be given to the men who despite lack of publicity and other support, have stuck to their guns and seen to lit that baseball-minded youngsters up to, and incloding, junior age, have had their chance to play the game.

Just how many people in Belleville outside of the layers and officials, and possibly a few relatives, both-red about giving these youngsters the support they de-

Meanwhile up in Owen Sound a gallant crew of Belle-ville baseball bantams came through with an 11-8 victory and will represent this city in the all-Ontario finals significant awatern Ontario team. More about that later.

In all fairness to the public, it must be said that the problems fumions did not have too many games here. They fid not belong to an organized league buy layed exhibition sense to ready themselves for the OBA playdowns.

Puf Ike Hildebrand, "Wiener" Brown, Barton Bradley Johnny McLeilan and half of Gordie Bell on one scale, and Happy Humphrey, wrestling's newest freak-find on the other and they will balance.

Humphrey, who wrestles Dara Singh here Friday night, s crashed several rings throughout the United States. In wastkee, the promoter had a carpenter ringside to repair mage when Humphrey body-alammed his foe, sending him tabling through the canvax and ring boards.

Humphrey is an all-round wrestler. It takes an or-dianry man two minutes to walk around him. Yet he states he is in greed physical shape and doesn't have to diet to remain that way.

He cannot get into an ordinary automobile. He has to have a truck or over-size station wagon in which to travel. You can tell when Humphrey is in the vehicle. The tires are slightly flat.

Humphrey was born in Macon, Jawja, suh, and weighed 150 pounds when he was four years of age. He kept "agrowin' and agrowin," until now in his early twentles he sags the scales at 740.

The marvel of the big fellow is that he is as light as a feather on his free, He moves around the ring like a feather on his free, He moves around the ring like a flightweight and speculation in a body press. When Hamphrey spread-sayles his bulk on a leadless opposent bit referre has to make a quick there-count. Anything longer might cause the death of the unsteen forman through lack of breath.

Humphrey tried dicting once in an effort to pull down his weight. Nothing happened to Humphrey went back on full rations. Four steaks and a gallon of milk is an everyday lanchoon. He has been known to guzzle 25 plans of beer at a sitting.

He doesn't lack for courage. When he was 19 years of age he wrestled and throw a huge grizzly. While down Flordds ways he beard of men wrestling alligators. He offered to take on the crawling purses, but the alligator man seid "No. I need all the gators in my herd. You-all ain't goin' ter kill say."

He started wrestling on his father's farm down Georgia way. When he was a youngster he could throw a buil with sase, and often decisioned the family's pet bear in a wanterboarde.

But Humphry is not by any means the only attrac-tion at the areas Friday shipt. Youth Gree Khinki, who was the job was the property of the con-trol of the control of the control of the con-perty of the control of the control of the con-trol of the control of the control of the con-trol of the control of the control of the con-trol of the control of the control of the con-trol of the control of the control of the con-trol of the control of the control of the con-trol of the control of the control of the con-trol of the control of the control of the con-trol of the control of the control of the con-trol of the control of the control of the con-trol of the control of the control of the control of the con-trol of the control of the control of the control of the con-trol of the control of the control of the control of the con-trol of the control of the control of the control of the con-trol of the control of the control of the control of the con-trol of the control of

Besides there will be a couple of old buddles on hand to the everling's fun under way. Noce other than big Lord thol Layton, the genial Britisher will take on one of the rothers Kalmikoff, Karol by name. All in all the final rid of the season looks like one of the bost.

This is the evening of the mammoth bingo being staged by the McFariands Booster Cinb, ably aided and abetted by the Kinsmen clubbers.

onier president Armand Duffy said today th Boosier president Armand Dulfy said today here will be pienty of fun for everybody and he hopes the arena will bouse a large crowd. There are prises galore, with extra specials that some locky persons will take home. It looks like a big night of entertainment for all scerned, so drop around and give the Boosters a boost. sciently all the McFarland Alian Cuppers will be on

ON DISPLAY TOMORROW, BUICK '59

Here it is . . . and now you know! Know why we have called this THE CAR. Know that a new generation of great Buicks is truly now here. From just this one view you can see that here is not just new design . . . but splendidly right design for this day and age. A car that is lean and clean and stunningly low . . . and at the same time great in headroom and legroom, easy to get into or out of. And when you see your Buick Dealer and walk the whole wonderful way around this Buick, you'll know still more how right all this is. From anywhere you look, here is a classic modern concept that is Buick speaking a new language of today. A language of fine cars priced within the reach of almost anyone. A language of quality and comfort and quiet pride of ownership . . . a language of performance satisfactions without equal. See BUICK '59: THE CAR on display at your local Buick dealer's.

THE LOOK. It's a clean, lean, new kind of fine-car look. Freah. Crisp. Splendid. It's a look that proclaims your good taste to the whole wide world. The look of the best-engineered, best-manufactured Buick ever built . . . and the most excitingly beautiful design in Buick's nearly 60

New Equipoise ride. New fin-cooled rear brake and aluminum front brakes. New constant-speed electric windshield wipers. New Easy Power Steering. New Twin-turbine and Triple-turbine

THE QUALITY. Buick quality to the core, new super-quiet bodies by Fisher-and there just isn't anything tine usualist. Historians of the development of the theatre in the 20th contray second adeas devotes of the delightful but demanding art of the puppetreer, one interesting aspect of it with particular interest; the reasonance of Puppets above are from "Jick the Sailor" sequence of the animated film puppetry. This fractioning modered art form is suggest account. "Sing a Little".

"Sing a Little".

Canadian interest in pupperry is increasing jupidly right scross the country although the major activity to date has been concentrated in Ontario and Quebee. Each year during the Chrismas season aloos many handreds of popper shows are presented to enthusiastic and delighted sudiceose of all agest.

In recent times new outlets for the creative skill of the puppeteer have opened up with the advent of movies and television. Above, Montreal artust Eve Lambert and Jean-Paul Ladouceur discuss a sequence for the animated pupper film "Sing a Little."

String puperts, or manionettes, appeared in the 17th Pupperty embraces a wide variety of arts and crafts from carpearry to costume design century. Today, owing to the mechanics of modern construction, they are put together with rare ingenuity.

Puppers are as old as civilization itself; term cours dolls with articulated (being used in various rival Indian ceremonies) the art fell into neglect limbs have been found in the tombs of the ancient Gireks and there are in the 19th century, in recent decades it is enjoying a popular revival many references to puppery in the writing of Aristoole and Piro. Above, a few examples of some contemporary Canadian puppers. Although puppers were known in North America two centuries 200,

Pupper films involve many hours of work and infinite patience, Since about 25 still photos are run off in one second on the screen it requires althost 15,000 still pictures for a 10 minute film. The puppers, and often dozen of items in the background, must be rearranged for each of the thousands of picture frames.

The Americans won the cup in 1851, 107 years ago when r yach named the "America" out-footed fourteen Bri-craft around the Isle of Wight. The cup she won has a known since as the America's Cup.

Sir Thomas Lipico, the famous tax magnate, a Britisher born in Scotland of Frich parents, spent a fer-tions in trying is win the America's Cup. From 18th 1910 1910 he sent dree yachts, all of them his famous "Share-rock", on unacconstit quests, While he perve we-ther cup, the aged yachtmans, wan the title of the most gallest loser.

In 1930 after his last unmocessful bid for the cup, Sir Thomas was sitting in the Royal Yacht Cub in Britain. An English lady leaned over consolingly and said: "Those American, I think they put something in the water over here to beat us."

"Yos, they do," agreed Sir Themas, "better be

However, the traditional British stubbornness, apparent-has never died. Once again, hopeful yachtamen of the tittle island have challenged for the cup, the fate of ch will be decided next week off Newport, Rhode Island.

They are pinning their hopes on the rakish, 79-feet, motor clean sloop "Scopine," especially built for the races. They are hoping for siff breezes for the price was designed to go best in rough weather.

Most Americans hope the Columbia will leave the Sceptre far astern. Yes, stories from the spot say there are not a few, who imbout with the underdog spirit, will root for the British. They calain a Sospira win will do recoders for international yachting.

Fever is running high around Newport. Boatmen on h sides of the Atlantic are talking of nothing else-tre will be extinuive newspaper, magazine, radio and te-sion coverage.

The skipper of the Scepies, Graham Mann, whose father and grandfather, before him, sought the America's Cup, is confident of victory. So much as, the story goes, he has brought along a crate in which to slow the covesed trophy.

* Cather's Seas Balow)

There once was a man
who suffered from indigestion. Every time he
read an ad about how to
relleve it, he bought a
different patent medicine. He hated radio and
television because the
announcers re min ded
him of his stomachaches, He-tried their remedies, too, but still suffered.

He worried, because he thought he might have ulcers. One day he said to himself, "I will consult a physician." The physician examined him, prescribed the particular medicine that could help him most, and he got better.

Moral—Wasn't he the coolish one to wait so ong before consulting als physician?

Crown Attorney Alex Hall of Oshawa thinks that Mr. Parlisment has made the penalty for drunk driving too Shake

We disagree.

We disagree.

The more recently established offence of driving while impaired by alcohol clarified the previous situation.

True, it leaves to the courts the task of distinguishing between drunk driving and driving while impaired, but this duty, while a difficult one, calls for imprecisely that kind of good judgment which is required to courts, in any case, of courts, in any case, and the second of courts, in any case, and the second of the second of courts, in any case, and the second of the second of courts, in any case, and the second of the second of courts, in any case, and the second of the

Donos and debentures, preferred and sommon abares, are the building blocks of an investment portfolio. Together they mak a complete structure which, if skilfully assembled and kept in goo order, should be able to endure through all kinds of economic weather

We atress the word "skilfully", since constructing a sound investment portfolio takes time, knowledge and experience. All three of these are available through our organization. We are always ready to take the time and to provide the technical skill needed if a good job is to be done.

Whether you prefer to "do-it-yoursell" or require detailed, persons help, you will find our research and advisory facilities of value. Drog us a line today describing your investment aims. We will be gled to best from you.

_ WHY SO MANY STRIKES?

Perhaps the impression is less the result of facts n of faulty memory, but it appears to us that there more strikes and rumors of strikes in Ontario

lay than for many months past.

Why this should be puzzles us.

We know that there is an easy explanation, that It may be argued that the recession is stiffening the day backbone of employers and that they are, either through a necessity or because they believe the time opportune, that necessity or because they bettere the time opportune, that hack resisting the efforts of unions to obtain higher wages and additional benefits for their members.

The difficulty with this explanation is that it is that with the skiller of the state of the state of the skiller of the skiller

an old one which is patterned after an argument long since proven, by statistics, to be erroneous.

It is one with the belief that strikes occur most frequently during times of depression, when wages are subject to be and working conditions poor, and less frequently during times of the strikes of the stri

ring times of prosperity.

Figures prove atherwise - or perhaps it would does not more correct to say that statistics regarding industries in the property of trial disputes in the immediate pre-war and post-war seem. Mo years seemed to indicate that prosperous times brought the setting the setti strikes instead of fewer.

It was simple to devise a theory to fit these statistics. It was simple to devise a theory to it case statistics. Workers dare not risk striking when there is considirerable unemployment, but do not hesitate to do so when jobs are plentiful. That, at least, was the interest of the control of the control

theory.

Maybe, though, this did not so much explain the phenomena as appear to do so. Perhaps some other factors, besides the level of employment, were the real reason why strikes were formerly less numerous.

in times of depression than in prosperous periods.

On the other hand, it is also possible that additional factors have entered the picture today and have eliminated the influence which the presence of unem-

eliminates use amounted was years.

In any event, we now find industrial unrest in'Go-It-Alone'
creasing at a time when we would have expected the
recession to result in unions being rejuctant to take

Canada is flourishing under free enterprise and so, naturally, is the life insurance business. In fact, Canadians prize the guaranteed sectify of the insurance so highly that, in relation to national income, they lead the world in ownership of this valuable property.

Competition in the life insurance business assures the utmost benefit to Canadians who buy this important product. They can choose, at will, from policies offered by over eighty companies in this country before signing on the dotted line

To reach a wise decision they are able to draw on the experience and knowledge of exceptionally well-trained life insurance agents. These company representatives analyse family requirements and resources very carefully and offer practical plans to meet individual requirements.

Because of this good and useful service, Canadians are continuing to acquire more life insurance every year.

Charles L. Hyde and Son Limited, Belleville. Ontario.

Gentlemen:-

We are delighted to learn that September 23rd will mark your 40th year of service to the good people of Belleville, and a 40th Wedding Anniversary to Mr. and Mrs. Charles L. Hyde.

This will indeed be a happy occasion and we hasten to extend our sincere congratulations and good wishes for future health and happiness.

We have been privileged to serve you for many of these 40 years, through good and bad times, and in an atmosphere of friendship which we treasure.

We appreciate the continued confidence you have placed in our products, and we look forward to continued growth and success with you.

> Sincerely yours, GILSON MANUFACTURING CO. LIMITED.

SHOWERS OF CONGRATULATIONS...

are being received by prominent Belleville business man Charles L. Hyde, founder and president of the well known local plumbing and heating firm of Chas. L. Hyde & Son Limited, which celebrates its fortieth successful year in business tomorrow. Interestingly enough, tomorrow is also Mr. Hyde's fortieth wedding anniversary. In recognition of the Hyde company's long - standing and pleasant business association with American-Standard Products (Canada) Limited — a princi-pal supplier of plumbing and heating products — American - Standard representative R. MacDonald (right) is shown extending hearty wishes to Mr. Hyde on this historic event. Beside Mr. Hyde is his son, His Worship Gerald B. Hyde, Mayor of Belleville, who is secretary - treasurer of the company.

RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports Editor The Kelewiss. Packets, runners-in in the Alian Cui finals last year, are going to Russia sext winter, and they're making sure the Okanagan Valley, and Canada wen't be represented in the land of vodita and cavia by a bunch of culls.

They may not have sent any "sples" or bird-dogs effete east, but the local post office hasn't noted

It seems the trip to Russia with all expenses paid is the chief balt, one which doem't have to dangle too long under a player's nose before he makes a grab for it.

panyet a now cuture on masses a grace to the The Kalowan soils made a concerted effect to obtain the services of Orval Teader, Cornwall-hern periodicals who is in the bad graces of the pre-bodies, and who are just that a put this season. According to instruction of the pre-bodies o

They dangled good balt under the nose of Gerry Goyer nd the popular hockey-baseball player of the Moira took dvantage of the opportunity—and rightly so.

Kowalchuk asked for his release from the Macs, and as we understand it, beat the gun in so doing, because he had been offered a neat hockey-playing-physical-director job in a Northern Alberta community, identity unknown.

Easter senior "A" clubs waived on Russ and he secured his release from the McParlands. What happened is not known to this department, but there it is, Kowalchuk, western informant states, is trying out with the Packers.

The long player-clutching tentacles of the Packers have ched into Northern Ontario senior camps. The Sudbury lives and the Soo Greyhounds have already felt the

The Gerybounds a've most unhappy. Tennant put in the Son, played hasteall there, and second laspy. Them he disappears that the second happy. Them he disappears that for the Gerbon longer at a substantial price, said to be \$1,600. The Wolves paid something like \$1,800 per Seniol. Deliving, like the Son, their high-priced balties were good for four or for years.

We concur with Paul (Sudbury Star) Patton that neither the McFarlands or the Kelowna Packers were strong enough for their overseas junkets with their 1987-58 rosier. Both have 60 be augmented II they are to come home with the various sides of victory bacon.

But, as Patton points out, Belleville is using proper system adding reinstated pros, like Joyany Lellan, or buying players outright like Andy Milne the Windsor Buildogs.

He says Kelowna has plenty to offer. A trip to Rus-sia, all expenses paid by the CAHA. It's the dream of a lifetime. But it's tough on the teams losing players.

MITH THE MACS

Lined Boiler signed his contract with the McFarlands yesterday, but no terms arrement could be reached with Sep Guidelin, according to Manager Drary Deeps. "He is free to make a deal with any club he chooses." be manager said. He added that Johnny Muretich will not be with the club this season.

RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports Editor

He had football written all over him when he walked the news recent every inch of the six-foot \$15 pounds in. He had a coach's cap tugred dewn alighily over cry, and shoulders like a New York Glants' half

But it was the name that sent a warm wave of nostalgia ing down this reporter's spine. It brought memories no of the greatest hockey teams ever developed in the Lady of the Motra.

Mr. Van Viche, butter known as "Van", is the new raical education director, at Albert College. He will inser the gold-anch-black heested, on the gridient, the ketchell flower and in trook rand field. Eight new he is concritisting he defects on wholping the solders made followed by the contract of the contract of the contract followed by the contract of the contract of the passive in to an excitation coset, Johanny Eithelsen.

Van should know a lot of the coaching answers. He been chasing the plgsini, and coaching since he wis ten so d age while he studied and played basketball under l-known cage authorities.

He brings plenty of coaching experience with him. In his thriven years of gridiron activity as a player and line coach he has seen action with the Verdun Sham-Cais, the College Eoyale Mittaire St. Jean, the Moni-real Oriums, and Pickering College.

Van Wiet was physical director at the Lakesbore YMCA, here he acted as battetball coach of the Lakesbore High ross for six years. He learned his basteitball from such sopple as Magnos Hyun, coach of the Sic George Williams olliges Georgians, the current Goebee senior champions; us McCarlanco of Mount Allison University and Jim Wright

As Poeve, ex-Dodger, would say, "Now comes up the would serious," and with it many stories of colorful series at the past are brought to mind.

Olo Din (that evens the count to con-and-one)
Donn, now a TV announcer, who harple at his own jobre,
and sings seatches of the "Wyshank Cannon Ball" between
spitches, took can in perhaps the most colorful series of
thom all in 1345 between the frameus St. Louis Cardinals
Ges House Ging and Detroit.

Dis had told Manager Frankle Frisch not to worry.

"Me n Funl will win 'em." They did. They pitched and won all four Cardinal victories. When the seventh game errived Frisch hinted he'd pitch Wild. Bill Hallahan.

"You cain't, Frankie," acreamed Diz, "You gotta pitch me, 'cause I'm the greatest pitcher you got. Listen Frankie, you string along with Ot' Diz and he'il make a great manager outs you."

Dis statied and toyed with the Tigers while the Cards clubbed Eldon Anker. Dean was in top form. Three he famed the might Bank Grounders, and when Hank came up sgaln Dean walked over to his skipper. "Frankle," he naked, "card this gar hit multip?" I'm some try pitchin' to his strenth, instead of to his weak-

Frisch shrieked, "Dixxy, you rockheed, this is a world series. Stop horsing around or I'll yank you."

Christian Science breaks the grip of matter

Many people have been secaled of apparently hopeless troubles and diseases through prayer in Christian Science. They have found a better way of life. They have gained, or regained, peace and condidence.

How anyone can learn to pray understandingly, effectively, is fully explained in the first chapter of Science and Health with Key to the Scriptures by Mary Baker Eddy. Such prayer is the sprinted understanding of God and of man in Sanding of God and Section 1997.

LIFE'S WHAT WE MAKE IT

Life is a burden,

A long journey dreary,
With seldom a day
That is pleasent and cheery
If only we gramble,
And whine se we go. life is a burde

But life is a game
That is well worth the
playing,
A round of continuous
Junetime and Maying,
A gambol, a frolic,
With sunshine aglow,
W only we're willing
To look on it so.

RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports Editor e the Yankees in a pre-series slump; merely world championship barrier, or playing poss

The only one apparently unworried over the situa-tion is that baseball enigma, the man with the mind of a mystic and a voice that has the soft soothing quality of sand being abovelled off concrete, Charles Dillon Stenge

Yankee fans from the canyons of the Bronx to Achi rooth, Arizona, make no bones about the fact they are we ied over the men with the golden arms.

The general run of Beaves' supporters are agies were the fact the Broax Bombers are playing like a second division squad, and hope they remain that way for the next three weeks. The more rabid devotes of the Tribe are deal to reports of the current condi-tion of the Yankees. They contend Baney's Soulvrist can take the Gottam formen at their champonship best.

That's a preity big order, even if it was accomp-liabed last year. Then, too, there is a man who in ten years as a manager has won nine American League penants, and six world championships, with his seventh just around the corner.

Whatever the condition of his Yankees, slump or no imp, pliching or no pliching, Ole Case can be depended pon to go down fighting with all guns firing, and his colora uttering until the final dive.

Now let's look at the other side of the series pic-

Birdie Tebbetts likes the Braves in the upcoming series. Besting the Yankees is a large order," he says. "It has seen done only six times in 33 trites, only four in the last attempts. Fred Hancy did it last year with Milwaukee and it's my guess he will do it with the Draves ragain this car. I'm not picking Milwaukee because 'I managed in and its my guest he will do I wanted because I managed in year. I'm not picking Milwaukee because I managed in the National League. After all, I did all my active playing in the American League."

RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports Editor

hile it is not true Phil Lott's Ox Pointers have been going batting practice by mosalight, they figure they are back the Amhersiburg Taverners by daylight.

They are not using the cantilelight of the belog in Uncle Tun's Cohin term as an allbi fee theft 3-6 set-bock hast festrefay, but are fully conflicted they can give the Detroit Eliver longithermon associating to remember them by—and force their GASA Intermediate "A" series to a third game.

But it will not be any pantywaist affair. These m buckaroos are no hilibilitys as softball players, ord proves that.

They should be. They get enough of it. When not ug knots in OA5A playdown formen talls, they are ty humping off aspirants to the parent body's intermete indensirial championship.

Take Norman, "Porky" for short. Our Garry Alex-for fells us he has all the physical requisites of a Los guies Rame' fullback. He towers str foot in his being, and neochalactity admits to triplus; the scales at sund 210 pounds, fifteen short of Whipper Watson's

Recides he can pitch softball. He decem't waste any extra energy in an alarm-clock windup, merely leans back, shivers a little, and pails the trigger. In the dim half-light of the Ambertsburg gifts department, he smoking fast balls looked like blarry bubbles to the Ox halfs better

Seventeen of them stood there or waved fattlely at the saking globes. Three of them got wood on the ghosts h no plate damage being done.

And brother Garny Jones is a great help. All here is stand behind the plate and stop Powk's pitches om going through the backstop, or if the need he, grab bludgeon and blast run-producing clouic where the cony fielders "stant."

The brother act will be seen in action at the Point iomorrow afternoon when the Amberstburgers tangle with the Phil Loti crew in the second game of the OASA semi-finals, starting two ecolects. The third game, if necessary, will follow at four o'clock.

It should be a thriller. In all his colorful career as a moundaman for the Fointers, Pat Maracle has never wanted a victory more than he does tomorrow. He will again match his wily prowess against the southpew lightning of Porky Jones,

For the argine Fat, without taking any credit from the starry mound performance of Jones, deserved a better fate less fasterialy. He isotatised the Ambert-lung betters with the change-up and fate bull, forching them to a new game-bit low of force... Traplets of them shoot at the pists, and waved or watched in the Startel shoot went [Dr. Triv of them made jobs... districtly.

But tomorrow is another day—and another game.

Pointers have been beaten before, and have railled to erge the victors. They believe they can repeat once m Incidentally he witners of this joust take on North Bay the all-Ontario championship.

The Booths' TV softball baniams, as of new, have defaulted their series to the Hamilton team, Coach Lee Culture said this morning.

"The OASA ordered my boys to play in Hamilton at ve o'clock Saturday evening, and again at Burlington at 30 under the lights. The Booth youngsters have never layed under lights, nor do I believe they should travel and lay a third game within an hour," Culbine said.

"It the OASA had ordered the pame played at three o'clock and fire o'clock we would have been there. But I do not think it is late to a rewalling toom to have to do what the OASA has ordered. Unless other arrangements are made between now and then, Souths will not compete in the series.

This department was under the impression that in all OASA playdown games mutual consent of both managements was necessary before a third game could be played under

By GEO. H. CARVER, Sports Editor

The Macs' training camp opening date was originally set Monday night but unforcesen "happenings" to the icenit caused a delay. That was at this time of writing, cor manager Drury Denyes says there is a possibility of
ice being ready for Monday night.

Newcomers to the Mean set Andy Milne, a left-winger from the Windore Bullder, Frank Batagate, centre-wing-er from the same cleuw does comes with an imposing scoring record and former book of the Louizille Re-beits and former book of Corpolandes star, one of the most-seepit scoler players in the province.

Minager Deutys said has night he had been in touch with Al Duesberry, a National and American Leapus reteran defenceman who played with Buffale has sca-son. Duesberry will be in the city on Menday to talk with Deutycs. In the meantime heroitations for his re-instaltement are under way.

Duesberry stands six-iwo and weighs 262 pounds. He played seven years with the Black Hawks and two with Detroit. He was with Buffalo two years age and with Buffalo-Hershey last season when he had a record of six goals and 33 assists. Not had for a defenceman.

Barton Bradley was in the city yesterday and came

Also trying out with the Macs will be Orval Grav-elle, the smallish crew-cut blende who starred with the Levis clab in the Alian Cup playdowns here last winter. Gravelle is bringing Hurshie Riopelle with blim from Que-bee. Both are right wingers.

Playing coach like Hildebrand will have a colorful crew o work with when he sends them away for their initial raining romp next week.

Gordie Beil, looking in the pink after a summer in the outdoors, and the perennial "Turk" Barelay, will be looking after the pipes.

On defence there will be Moe Benoit, Lionel Botley, Floyd Crawford, Flori Geogan and Keith Montgomery. On the left boards are Minnie Menard, Andy Milne, Wiener Brown and Davy Jones.

Patrolling the startoard side are lke and Bathgate, Orv Gravelle, Eddia Marinesu and Ropelle. Keith MacDonald will not report-useff a week later when an injured knee is expected to be back to normal.

Other players will be reporting to the camp from

Meanwhile the Canadian Amateur Hockey Associa-tion is negotiating for the Teinstatement of pro players who are expected to bolster the Macs.

The Macs should be in fine hockey shape by the time they live ready to leave for Europe and the world hockey champlonship bournament at Parague, Czechorovakia. They mill be hopping from hockey boots to sea mecessins by the time they get a tightly-packed schedule and a series of exhibition games under their puck-chasing belts.

All-in-all, and up to the moment, they will play 51 mes before they walk the gangplank in New York in a first week of February.

As of now they will play seven exhibition game before they open their Eastern Onlario senior leagu schedule in Memorial Arens against their perennial men from Kingston, known this year as the "Merchants

They start the season at St. Catharines where they meet the junior "A" Teepees on October 9. The next night they entertain the Teepees here and on October 14 trek to Pet-erbore to lake on the junior "A" Petes.

The following night, Trenten fans will see two Alian o championship teams in action when the Macs meet Whitby Dunlops in the town gardens.

On October 17 the Windoor Bulldors will be the rureis of the Maco here and Jeerney to Kingston the next evenling for a bent with the Merchania. Standardy, Oct. 18, sees the McParlinds in Clinton, NA, renewing beckey acquaintances with old sensor "B" buddles of the next-Ulica town. (Shades of hai-eating Johnny Green.)

The following Monday the Cilinto Conests play a re-turn engagement in Memorial Arens and the Macs wind up their exhibition schedule with a trip to Kitchener on Tues-day, October 21.

The International Cancer Congress and Cigarette Smoking

Earlier this year, in London, England, 2,000 scientists from 63 countries attending the 7th International Cancer Congress — an event held every four years — were given the latest data on cancer and smoking by the world's foremost cancer experts. Rothmans Research scientists were also there and have examined the papers submitted along with their own findings.

THE CANADIAN PRESS and smokers from coast to coast have shown widespread interest and a desire for more information on this important subject. The following report is a brief summary of the facts as they stand at this

Rothmans Research Division accepts the statistical evidence link-ing lung cancer with heavy smoking. This is done as a precautionary measure in the interest of smokers.

The exact biological relationship between smoking and cancer in ankind is still not known and a direct link has not been proved.

3. In research laboratory work, inhalation studies on animals have been largely negative. However, the application of tobacco tar on the akin of certain animals has produced cancer and therefore indicates that tobacco smoke condensate contains carcinogenic substances which

4. The suspected chemicals in tobacco smoke that have produced neer in animals have been identified. In fractionation studies, the majority of the active carcinogenic agents were located in the fraction which is eluted with carbon tetrachloride from the neutral tar. This fraction represents only 1.7% of total tobacco tar and, when applied in the heavy concentration of 10%, produced 100% cancer on animal skin.

5. Further studies were then conducted to determine whether there 5. Further studies were then conducted to determine whether there was a threshold bend at which total toleance tar would not produce cancer on animal stim. It was discovered that there was a dose level at which the development of animal cancer was so mail, and the latent period before the formation of tumours so long, that for all material purposes is represented a threshold level. This minimum level is about one-differ the optimum level.

6. Transposing this data to eigarette smoking, an increasing section of scientific opinion believes that if the traintake from a single eigarette were reduced to the range of 18 to 30 milligrams (mps.), there would be a significant reduction in the possible risk of lung cancer. Most of the world's eigarette stoday yield in the vicinity of 30 mgs. and there are many which exceed 40 mgs.

N.B. The control at 18-20 mgs. of the tar intake from a single Rothmans King Size cigarette is achieved as follows:-

(f) the use of tobaccos of lower tar content,

(ii) the fitting of an effective filter which reduces further, and in correct proportion, the amount of tar entering the mouth and bargs, and

(iii) the stubbing out of the butt of a cigarette equivalent to about one-shird of its total length (for which purpose the extra length of Roskmans King Size is provided).

The balance between satisfaction, filtration and case of draw is constantly checked by scientific instruments,

7. There are no scientific grounds to justify the reduction of tar in a single cigarette to less than 18-20 mgs., except in the case of very heavy spokers of more than 2 packs (40 cigarettes) a day.

N.B. To such smokers Rothmans advocates moderation.

Reducing the tars in cigarettes to the lavel of 18-20 mgs. does not

affect the pleasure of smoking. Indeed, once people have smoked such cigarettes, they find satisfaction and enjoyment in the cleaner smoke. Below 18-20 mgs., tobacco begins markedly to lose its taste and aroma, and there would be less and less satisfaction as the readings drop.

Unburned tobacco contains no cancer forming agents. They are formed only during combustion. Any plant material sets free cancer forming agents when burned at a high temperature. (If lettuce were smoked, the result would be the same.)

From about the middle of a cigarette length to the butt, the tem-perature reaches 880°C. (±30°C.). When this temperature is reduced below 700°C., the biological activity on the skin of animals is reduced

As a further precautionary measure, research projects on this problem include the search for a chemical to make tobacco burn at a lower

N.B. The present straight virginia manufacturing process as used by Rothmans employs no chemicals whatsoever. Nor would any chemicals be used unless a direct biological link (ar distinct from a statistical link) makes it necessary to treat tobacco with such a catalyst

9. Some statistical studies indicate a higher mortality rate from Jung cancer among cigarette smokers than among smokers of cigars and pipes. However, in laboratory experiments, the carcinogenia extirity from cigar and pipes smoke was found to be greater than in cigarette smoke, because, burning at a high temperature for a longer time, combustion is more complete in cigars and in pipes.

10. The tobacco-cancer problem is difficult and nebulous. It has brought forth many conflicting theories and evidences. But great knowledge and a better understanding have been gained through research. knowledgeand a detter understanding nave over ignated intogrite scale. The controversy is a matter of public interest. The tar contents of the world's leading brands of eigarettes are today under the scrutiny of medical and independent research.

A list of cigarettes, some of which have achieved significant tar reductions of up to 40% in the past year, was tabled at the International Cancer Congress by an eminent cancer expert.

N.B. The performance of Canadian made Rothmans King Size cigarettes (as previously certified by independent research)

Rothmans King Size Filter yields from 14.4% to 38.7% less tars than the four other best selling Filter brands in Canada.

Rothmans King Size Untipped yields from 26.5% to 34.0% less tars than the three best known plain end brands in Canada.

ROTHMANS Research Division welcomes this opportunity

(1) to continue its policy of all-out research,

(3) to impart vital information as soon as available, and

(3) to give amokers of Rothmans cigarettes improvements as soon as they are developed.

In conclusion, as with all the good things of modern living, Rothmans believes that with moderation ar remain one of life's simple and safe pleasures.

RARE, MEDIUM, WELL-DONE

By Geo. H. CARVER, Sports Editor

They didn't come any bigger or better in his sports hey-now in the aftermath of a colorful athletic life he is ng fair to become a topflight official.

Vern Geyer shifted his two-hundred pins bulk, tucked any potential comments on his backey-football-baseball-softball career in the back of his mind, and admitted he was looking forward to another year as a member of the whittle-and-sweater fraterality.

as in his playing days, his good nature is as big as his physical bulk. And, as in those days; perhaps it is a good thing it is.

He is one of the biggest

ood thing it is.

After hanging up his sitchs and bockey gear, Vern retained the blades, donned a sweater, learned to tool a whittle and started his officiating carreer. He began in a tough school. The new defunct Trent Valley Hockey Learne provided a tough battleground for a rookier refere to earn his er refere to earn his

But he came through with firing colors. Hot-headed rers took a second took at Vern's 260-peands plus and leaded promptly any ideas of physical or verbal may-n. He operated strictly by the book. He played no roller. A bocker game was a match between two s, each seeking victory. He often had friends on tilepating clubs. On the lost they were just blocker telepating clubs. On the lost they were just blocker

When the Trent Valley League went into voluntary re-ement, big Vern Goyer had carned the respect of both yers and league officials. This, perhaps, was one of his gest stepping stones towards becoming an Ontario ckey Association official.

Last year Vern had; a highly successful season of-ficiating in the district OHA intermediate "C" divisions. Team officials were unanimous in their selection for him as a pisyoffa referee. He officiated in not a few OHA physyom tusises. He also acted as lineauan in out-of-town senior "A" games.

agers' conference in Toronto that the time is not far distant when Goyer will be given assignments as a senior "A" re-ferce. Naturally, regulations will not permit of his offi-lating here, but there are other fields not too distant.

He got an official pat on the back at the above mentioned meeting when a past-president of the OBA. during the conference sald: "We have never had a good referee come out of Eastern Ontario (are yuh listenit," Mike?), but we have three excellent prospects in Yern Goyer of Belleville, and Art Casterion and Whitzy Walton of Kingston."

Goyer should not lack for OHA assignments this comin season. Besides the possibility of seelor "A" commitment there is a large field for his efforts in the new OHA inter mediate "A" set-up which embraces teams from Kingston Ficton, Trenton, Napanee, Minden, Bowmanville-Orone, Cc bourg-Port Hope, Lindsay, Bobcaygeon and possibly other

"For instance?" he was asked.

"Well, the goale will be penalised II be hangs on to the puck longer than the regulation time. Formerly, it resulted in a coalmont fasce-off. Then there has been too much freezing of, the puck against the boards by players in grame-claying efforts. That season, he grist the gate. All rules in the book will be more rigidity, enforced than heretofors," Vern said.

RARE, MEDIUM, WELL-DONE

By Geo. H. CARVER, Sports Editor merrow is the big day. Temerrow more grands will be sick abed, in hespital or on the way to indmammiles' happy hunting grounds.

In television land, soap operas, cooking schools, and tever other programs that clutter up the screen in the rnoon will have a nothing-minus rating.

Who will win? Yankee (ans are athrill over the trn to pliching form of Whitey Ford and the healthy dilion of Mickey Mantle and Bill Showron, not to tition Ballet Bob Turley waiting in the support

Millwankee supporters point to the superb form of Warren Spahn, with the three-time Yankee clipper also rare, Lew Bardette, ready and raria' to ga. More important, they say, is the pitching depth on the Bravet bench. However, there's a fir in their vietury entiment, Wox Cavingdon, one of the best Braves in the texpect may not be able to fruction as he should due to a gammay mode balle to fruction as he should due to a gammay one be able.

Last week this department quoted Birdie Tebbets on y the Braves should win the seriet. A few of our Yan-friends used this as the base of an accusation that a column favors the National Lezuers to take the ufalon two years in a row. They are so right. Four

However, in fairness to the Bronx Bombers backer-pers here is the opinion of a man who hates the Yankees is all the reasons in the world to do so, but picks them take the 1958 world series.

He is Al Loper, manager of the Chicago White Sox, who has been a Yankee-chaser for eight years, and fin-shed second to Ole Caser in serim of them. He is the only manager who has besten Stengel out of the pen-mant in his ten years with the Yankeer. That was when Chreshad wan, it in 1954.

Save Mr. Lones:

"Whitey, Ford can win the World Series for the Yankeds: showed in Kanasa City a couple of weeks ago that his arm ON. Ford is one of the best and smartest pitchers in base-all.
